Dear Mr Bullen

We are delighted to celebrate your continued registration. Would you believe you have now been with us for over 25 years!

This is a fantastic achievement that your business has remained committed to delivering electrical safety to your customers and your registration with us is a mark to be proud of.

NICEIC has recently celebrated its 60th anniversary and we wanted to use this as an opportunity to celebrate our contractors' milestones too.

NICEIC was formed in 1956, when there was a lack of uniformed standards for wiring and no regulation of anyone carrying out electrical work. Since then, a lot has changed in our industry and we have to thank you for the tireless work you have delivered in raising the standards of installations across the industry.

To celebrate this fantastic achievement and as a thank you for your loyalty, please find enclosed a certificate of recognition and vehicle sticker which your business can now proudly display to promote your commitment to electrical safety.

It has been a pleasure to work alongside you all these years and we look forward to continuing to support your business for many more years to come.

Yours Sincerely

A handwritten signature in black ink, appearing to read 'Emma Clancy'.

Emma Clancy
CEO
